

WEDNESDAY, JULY 11, 2012

JULY General Meeting

6:30PM ~ 9:00PM

SPEAKER

Ren Tang, P.E.

As a California registered mechanical and electrical engineer, Mr. Ren Tang has over 25 years of project commissioning and design experience. He is a member of Tau-Beta-Pi Engineer Honor Society, also a NABCEP certified photovoltaic practitioner.

His engineering background includes PLC industrial applications, mechanical and electrical systems; on grid and off grid photovoltaic system design, solar hot water system design, biomass, wind power generation, hot water fired chiller, large scale ice thermal storage optimization control, energy auditing and commissioning. His project records include Far Eastern Plaza in Taipei, ZGC district cooling plant in Beijing, Siemens Center in Shanghai, UCLA medical lab in Los Angeles.

TOPIC

"HOW CAN SOLAR WATER HEATING SAVE ENERGY"

HOW DOES SOLAR WATER HEATING WORK

HOW MUCH DOES INSTALLATION COST

ARE THERE ANY REBATES OR INCENTIVES

LOCATION

EMPRESS HARBOR RESTAURANT

111 N. ATLANTIC BLVD. 3RD FL.
MONTEREY PARK, CA

MEMBERS FREE GUESTS \$20
